BATHING BEACHES POPULAR.

Dips and plunges, dives and flip-flops, like fish in a sportive mood, have marked the program of large parties of bathers, who have visited the available points for bathing in Stoner during the continued hot spell. Among the favored localities most suitable for bathing are the beach just below the Maysville railroad bridge, opposite the Paris Ice Manufacturing Co.'s plant; just above the bridge, at the "rocky shore" near Kennedy's Creek; a long stretch of sandy beach near Trundle's Gap; at the "ford" across Stoner, near the old Kenney place, and at Maple Island. The mill pond at the Paris Milling Co.'s plant also had its quota of bathers, and everybody has a good time.

The bathing beaches on the upper reaches of Stoner Creek are easily accessible by boats, and a trip there in the hours after the sun begins to sink below the horizon will be a cooling, refreshing relief from the effects of the heat-stricken city. Electric launches and rowboats can be secured at nominal prices from local parties.

LEAVE IT TO US—WE KNOW HOW
—PRINTING IS OUR BUSINESS

A prominent Paris attorney recently gave THE BOURBON NEWS Job Rooms a prospectus to print. The lawyer said when handing in the job, "here's the copy, I'm a lawyer and not a printer. I'll just leave it to you as to the arrangement, style, etc." The only instructions he gave was, "Don't make it cost too much, but I want it nice." The job was delivered ahead of time and was highly complimented by him and was "just what he wanted."

Now, if you have job printing you want done, give us the copy and a rough idea what you want and leave it to us—we will please you and surprise you—we know how. Printing is our business—we know nothing else and do nothing else.
